

## **Kermit's Hermits Air Band and Dance Team**

*Lights do down: Props (Manger, baby Jesus and 3 wrapped gifts) are brought on stage. The manger is located center stage front with the gifts lined up behind the manger. The band and dance team enter from stage right.*

*Kermit's Hermits Air Band, consisting of four members, takes their positions center stage with the Dance Team, consisting of three members, in front of the band. They all wear jeans (no holes) and white tie dyed t-shirts, sunglasses, and hats.*

*Band instruments are three inflatable guitars and inflatable drum (various guitar styles, cost less than \$4 each and inflatable drum around \$8 are available from party/novelty stores or on the internet).*

*Lights up full across the stage area*

**Brighton: Our first performers sound an awful lot like a famous group from back in the last century, but you can tell these kids are way too young for that! Please welcome Kermit's Hermits! (Applause)**

*Teams always enter from stage right and exit stage left. While one team is performing the next team in line will be in hallway off stage right. The third team to perform will be ready and waiting in an area near off stage right.*

**Kermit's Hermits Air Band and Dance Team: "I'm Gettin' Something Good" (2:27)**  
RPM – Righteous Pop Music – Christmas – "I'm Getting' Something Good" (to tune of "I'm into Something Good") (This is suggested music.)

**Dave: When you started that song, I said to myself, (in a disgusted tone) "Don't tell me we're gonna hear a Christmas song about being good so we can get presents and all that -- me me me." But then you tricked me. By the end of the song, the message was all about Jesus. You guys rocked! You shine like a star – pointing to Jesus! You get a ten! (Applause)**

*Lights go down:  
Kermit's Hermits Air Band and Dance Team exit – stage left. Props are removed from stage.*

**"Shine Like a Star" – Sample**
