

# SUPPLY LIST

## Winter Year 4

### Lessons 28-48

**Stewardship Note:** Kids Kount Publishing recommends using a wide variety of resources with our lessons. This supply list is a guide. Our curriculum is meant to be adaptable, and this includes your selection of supplies. Feel free to substitute videos and crafts similar to the ones suggested. Check for items you may have on hand and adapt as needed. You may be able to use videos from your city library, video rental store, and members of your congregation or other churches.

If you are comfortable ordering over the Internet, new and used sources are available for videos and supplies at various prices.

Your ideas are a major resource in making this curriculum work for your children's ministry. You can help others by emailing your suggestions to [info@kidskountpublishing.com](mailto:info@kidskountpublishing.com).

NOTE: We recommend you use The Gospel of John, produced by Visual Bible International, 2003 the theatrical three-hour version DVD. This has the chapters and verses indicated on the chapter titles making it easier to find the corresponding clips.

# Jesus, The Best Gift

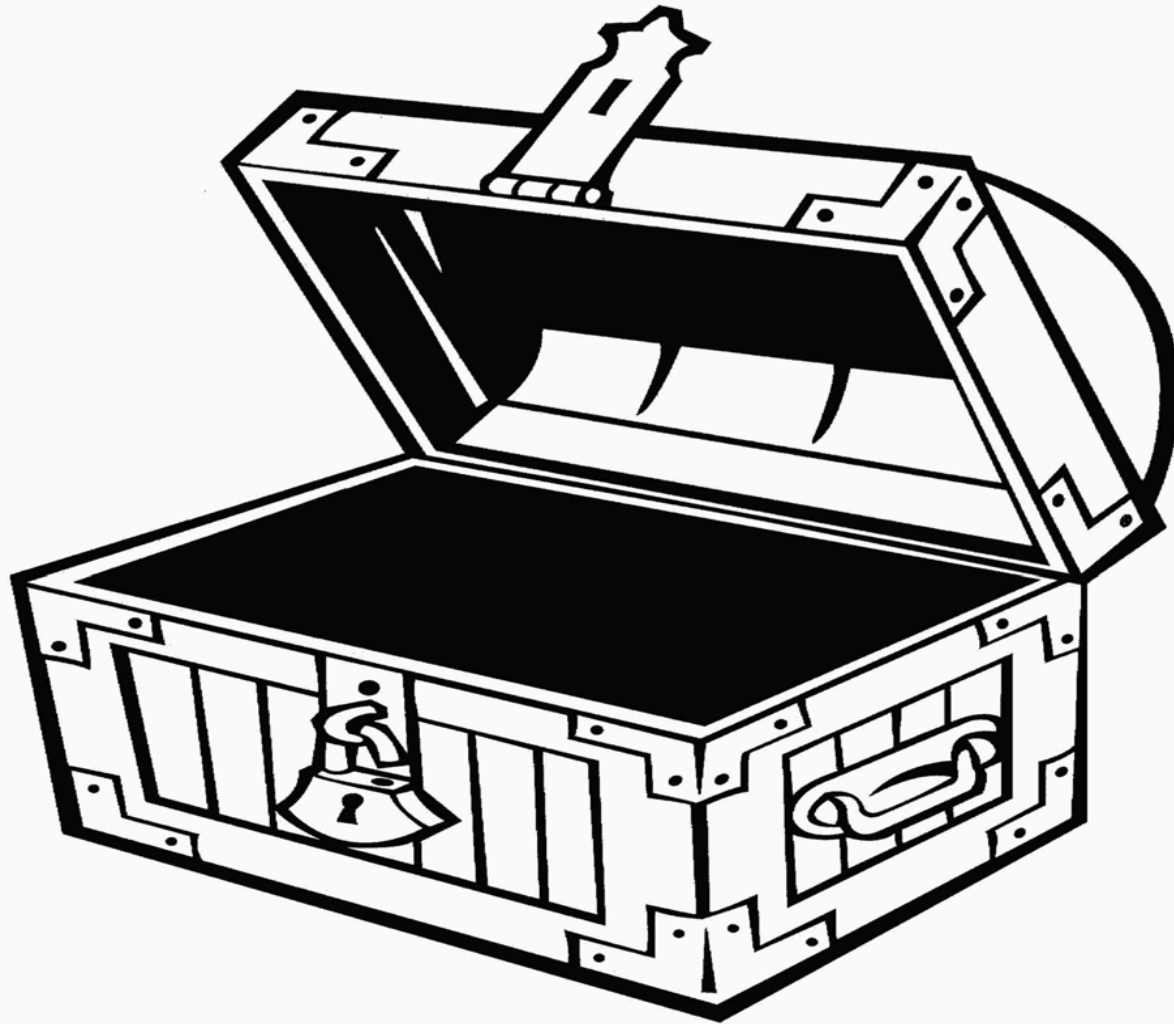

## **Look At a Candy Cane!**

Look at a candy cane  
And what do you see?  
The Son of God,  
Given for you and me!

The stripes are red,  
His blood for sins,  
And white reminds us,  
He's pure within.

Is it a shepherd's crook,  
To invite us in?  
Or a fishing hook  
For fishers of men?

So taste the candy,  
It's shaped like "J"  
His name is Jesus,  
And it's his birthday!

## Plastic Canvas Cross Bookmark

### What you will need:

- 5" x 4" piece of plastic canvas
- Lanyard cording in two colors
- 6 pony beads in colors to match your lanyard
- Scissors

### How to make it:

1. Cut a cross from your plastic canvas, approximately 4.5" x 3". Make sure you have an even number of holes on each arm of the cross. The top of the cross should be 6 holes wide and the arms of the cross should be 6 holes high.
2. Starting on the far left at the top of the cross, leaving approximately 3" of cording at the top, weave one color from the top all the way down in a straight line to the bottom.
3. When you reach the bottom, loop your lanyard cord back through the last hole and one over then work your way halfway back up. When you get one row below the middle of the cross, weave the lanyard in a diagonal going up and over one to the right.
4. Next go up one hole and then diagonally up the other way by going up and to the left.
5. Continue the crisscross pattern up through the middle and one row above the middle of the cross. This should give you 5 rows of diagonals.
6. From here, continue going up, through you should now be one column over. Rather than in the second column you should be in the third.
7. When you reach the top of the cross, trim the end to about 3" in length. This should match the length of the cord that you started with.
8. Move to the fourth column at the top, again leaving about 3" of cording at the top. Weave your way down 2 rows, and then continue the diagonal pattern to match the one you just created on the left. You will weave two rows down straight then take your diagonal down to the right, down to the left, and repeat this for a total of five diagonal boxes.
9. Now continue the straight weave, you should now be in the 5th column, down to the bottom.
10. When you reach the bottom, loop your lanyard cord back through the last hole and one over then work your way all the way back up to the top, leaving 3" cording at the top.
11. Now take your alternating color and leave 3" at top, start weaving from column #2. Straight weave two boxes, then crisscross the diagonals 5 boxes down, then continue the color down the third column.
12. When you reach the bottom, loop your lanyard cord back through the last hole and one over then work your way halfway back up. When you reach the diagonals again, crisscross the diagonals with the alternating color going up 5 boxes.
13. Continue the straight weave up to the top and leave 3" of cording at the top.
14. To do the arms of the cross, use the same color you started the cross with and weave from the left top row straight across to the middle of the cross.
15. Stretch the cord straight across the back of the cross where the center of the cross has already been woven and then continue again on the right side of the cross.
16. When you reach the right side, loop the lanyard cord like you did at the bottom of the cross and weave straight back to the left, again crossing the center in the back and continuing from the middle the left.
17. Loop the end again at the left and repeat this process until you finish your weaving at the bottom left arm.
18. Tie the ends of lanyard on the left arm together in a tight knot and trim the ends.
19. At the top of the cross you should have 6- 3" lengths of cording. Hold three to the left and three to the right and thread those two sections with three beads each.
20. Tie the ends of the cord in a knot at the top of the beads

**Though Jesus  
was betrayed,  
on the cross our  
lives he bought.**

**Jesus is (*faithful*)  
even when we  
are (*not*).**

**Jesus is alive. It  
proves that he is  
God.**

***(Believe)* in  
him today;  
have *(life)* in  
every way.**
